

HOW TO MEASURE YOUR RING SIZE

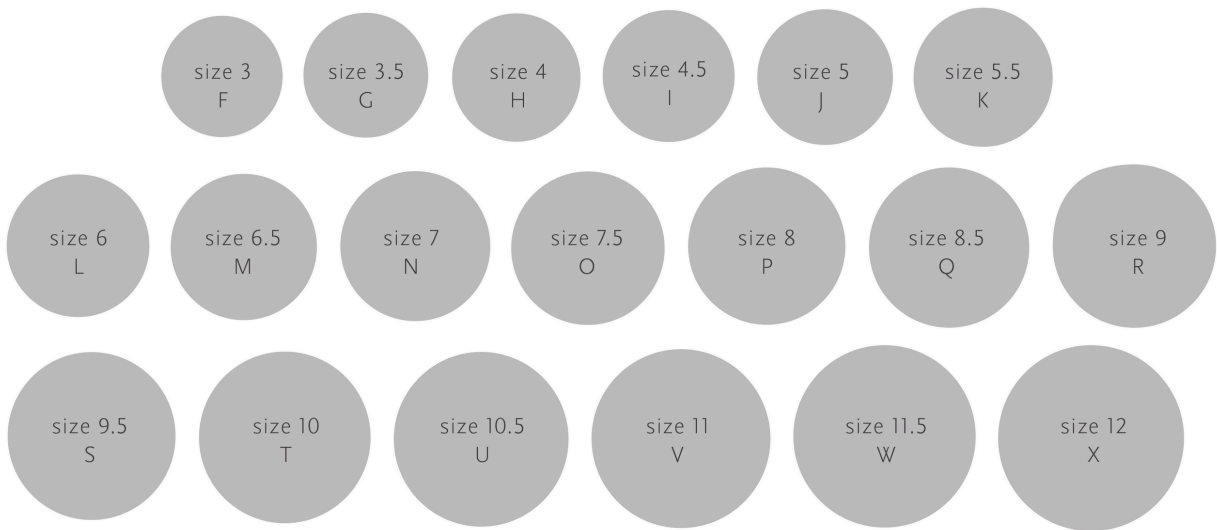

Print out this page

Please note:

- Make sure that the page scaling is set to 'None' or '100%' in your print options
- Ensure you are printing in Portrait mode on standard A4 sized paper (210 x 297mm)
- Check the ring sizer measures 160mm in length after printing

Option 1: Measure an existing ring

1. Use an existing ring that fits the desired finger
2. Place the ring over the circles until the inside of the ring matches a circle
3. If your ring falls in between two sizes then select the larger size and let us know when ordering

Option 2: Use the ring sizer to measure finger

1. Carefully cut out the ring sizer below and make a slit where indicated
2. Place the end of the ring sizer through the slit to form a loop
3. Wrap the loop around your finger. The letter closest to the slit shows your ring size.
